Forbidden Love

Lola Stark

Forbidden Love Lola Stark

Jude and Haven share a secret. One he willingly hides and she tries to forget, but it regardless, it has tied them together.

It's not until their relationship is discovered that Haven has a choice to make. She can pine for the man who walked away or choose a new path.

But secrets have a way of showing themselves, making it difficult for Haven to let go...

And when she does, can Jude live with the consequences?

Nie wiem jak to oceni?. Z jednej strony ?rednia, a z drugiej zaskakuj?ca. Nie spodziewa?am si?, ?e fabu?a zostanie poprowadzona w takim kierunku...

W zale?no?ci pod jakim k?tem patrz? na t? ksi??k? - zastanawiam si? mi?dzy **3.0** a **4.0**.

Za ma?o Juda i Haven razem...

Vanessa says

Review to come...but I need you to know...READ THIS BOOK!

****FULL REVIEW****

You know when you read a book and you just get it? You can relate to every person on some level at any given time? That is how this book was for me. I felt embedded in these characters' lives, I wanted to relish in their pain, joy, love, hope and sorrow.

Lola Stark did that for me with this book. She pushed the envelope with showing the other sides of a relationship. Sure, we all love the sassy, snarky comebacks, the funny inner monologue but to be able to pull the heart strings of a reader and really make them FEEL...that takes talent.

I'm not saying that I'm not an emotional reader, because I absolutely am, but I usually get one main reaction from a book. Either it's something that made me laugh, made me think, made me swoon, or seriously made me cry...this book did all of that.

Haven and Jude go through hell and back, both separate and together. I found myself falling in love with Jude and his vulnerability, the way tried to please everyone when he was in fact, completely miserable.

And Haven, this woman found herself. Coming from a dark past, a scared and rejected present, as well as an unknown future, she owned it. All of it. I couldn't be more proud of how she changed and grew. No longer a little girl, but a woman with strength and the scars to prove the war she went through to get to where she is.

Overall, I would say you NEED this book. It's not a matter of want. Everyone should want this book...but I'm going to tell you, it's more than that. It is necessary to open the pages of *Forbidden Love* and get lost in the story. To FEEL the characters, connect with each and every one of them (because they are all back), and to send them off with the best farewell a series could ask for.

Brava, Ms. Stark. You've given this series a beautifully broken and wonderfully mended finale. I loved every word.

****5 Humpty-Dumpty, Stars****

Erin McKinley Carnevale says

I'm just gonna start off by saying, YOU SUCK LOLA! But in a GOOD way. I ugly cried for more than half this book. You completely out did yourself and made the last book the BEST book in this series. Now with my review ;)

After the second book, Conflicted Love, you find out about Jude and Haven. What I expected was gonna happen in this book and what actually did happen were two different things. I was officially MIND FUCKED. I was pissed at Jude for the first half of the book. I rooted for what was happening in a way because he didn't deserve Haven. Now I'm probably starting to confuse you. I don't wanna spoil so you'll just have to deal ;).

All Haven wanted was to be happy and feel loved. She didn't wanna be a secret, she wanted to live and love freely. She gets that with a new boy in town, Dylan. This cowboy had me swooning from the beginning. What a sweetheart. What was happening with Jude during this time had me feeling bad for him but not too much. With actions comes consequences or lack there of I should say in Jude's case. Sorry just a little peeved at him still lol. Then you find out Dylan's secret and BAM!, you're ugly crying the rest of the book and glad there's still an HEA cuz you desperately needed it to stop crying. Ugh this book ripped my heart out but then it was mended. I have a feeling this hangover is gonna last a while.

Now ONE CLICK this bad boy. You can actually read it as a standalone in my opinion. Enjoy!

((HUGS))

Sayra says

Whoa!!! Where do I begin...this book was not what I expected;the whole book had me cringing! I felt as if I was reading 2 books at once and I felt as if it was only Havens book and not Jude's!!! It was really unrealistic! The only parts I enjoyed reading were Jude's pov! Why even have Jude's character if she was with Dylan through the whole book?

TassjaAnn says

Where is it!!!!!! I find I'm turning into a stalker with how much I'm checking out amazon for this book!
After the way Trevor's book ended I can't wait!

EgyptDiva says

YAY ! Finally this month :D ! --- 1.5 stars

^^ So This was me when I found out that this book will finally be released because the way the last book ended made me want to jump right into this one and now after reading it , I'm IN SHOCK ! and not the good kind of shock.

The fact is I really enjoyed the last two books , granted I read them in a time when I gave away 5 stars left and right :D But I still really liked them , they were fun , sexy and romantic. So I was actually about to start reading another book when I saw that this was Live, I felt like I needed a fun book first so I started reading .. and **DISAPPOINTED** is not a big enough word , and not just because of some editing problems either.

Maybe it's my fault that I didn't read the author's announcement in her fb page until it was too late but I really don't think it would've made a big difference.

*"Please, please, bear i mind when picking up *Forbidden Love* that it is NOT the same general feel as the first two *Needle's Kiss* books.*

*It's not a romantic comedy. It is something entirely different that a few people have said they 'didn't see coming' Keep your mind open and don't go into it expecting the laughs and back and forth character sparing that you saw in *Tattered Love* and *Conflicted Love*."*

Um ok , So Angst , that's fine , but even after reading the announcement. I was under the impression that when the author said at the end of the second book "**Stay tuned to catch what happens next in Needle's Kiss #3 'Jude and Haven's story'**" ,that this book was **JUDE and Haven's story** but IT WAS NOT. Again I repeat this WAS NOT the love story of Haven and Jude AT ALL ! I'll elaborate on that in a minute but first , I want to ask this , How in the world was "Dylan" not mentioned in the blurb considering he was for all intended purposes "the hero" of the story. (Not because I loved him more or anything although I liked him enough , but the author made him the star of the story along with Haven)

I hate love triangles and this wasn't even a love triangle . It was simply put, the story of Haven getting over Jude and falling deeply in love with Dylan .

If this story was Dylan and Haven's tragic love story , it would've been so much better , It would've been heartbreaking but at least I'd know what to expect. but seriously ? Jude and Haven's story? I was so in shock that I laughed more than once -humorlessly of course !- .

So The prologue of this book is the end of the last book , where Haven and Jude get caught by her brothers. Jude was a coward and walked away from Haven and never fought for her. For Some reason he thought that getting in a relationship with her would destroy his relationship with her brothers and her family who he really loves. That was just BS ! Because he told them how much he loved her ,he should've also said that he

won't give her up , no one would've rejected him , they'd give him some "big brother warnings" and that's it. But he didn't even try , so when Dylan came into the picture I wanted Haven to go out with him to force Jude to see what he's missing by not fighting for her .

I'll tag the next part because I can't rant without spoiling . so be aware major spoilers ahead
(view spoiler)

So to end this long review (Really long if you read the spoilers :\$) ! This is not a love story between the MCs which REALLY frustrated the hell out of me the whole time I was reading . And like I said maybe if it was all more clear at the beginning that I would've given it more stars . But having high hopes and getting disappointed is a bitch :D !

?β●●kW●rm♦βetty?β●●k?●ver-?_? says

Wow what a way to end a series! #UglyCryAllOver

I have to say i don't really get overly emotional usually when reading but this book is the closest i have ever come to sobbing!

I expected Dylan to be some sort of douche if i am honest!

After reading both Mace and Trips books i was glad it wasn't a "me caveman, you my woman" and the girl being dragged by her hair to his lair kinda story.

Katie Ramos says

Sweet baby Jesus, just finished reading Forbidden Love (Needle's kiss book 3) by Lola Stark and I swear, 50 something % in, till the very end had me crying my eyes out. There are stories that steal a piece of your heart and touch you so deeply that they stay with you forever,... yeah this is definitely one of those remarkable stories for me. Lola, you have rendered me into a giant mushy puddle of emotions, that I'm more than sure will take days, possibly weeks, for me to recover. I mean, there are books I've read that have made me teary eyed but only a few that had me ugly cry, and Forbidden Love well it's on a category all on its own. I loved the first books of this series but this one is so different unlike the other two but by far my absolute favorite. To tell you I loved the characters is an understatement, cause I've completely fallen madly deeply in love with them and this story. Although there were times I wanted to slap Jude upside the head and tell him the man the eff up! Lol I wish I could tell you more about the book but that would only give away the story and I'm not into spoiling a story for anyone, but I will say this, DO NOT EVEN THINK TWICE ABOUT ONE CLICKING FORBIDDEN LOVE! IT'S ONE OF THE MOST AMAZING READS I'VE HAD THE PLEASURE OF REVIEWING AND I WILL HIGHLY RECOMMEND IT AND URGE Y'ALL TO EXPERIENCE THIS INCREDIBLE, EMOTIONAL, AND BEAUTIFUL JOURNEY.

~~ I took a moment to think of my family, my friends. Their own lives and love had been that of sorrow and sometimes chaos. I'd often wondered why they hadn't given up, why they fought so hard? I finally understood. Love was worth the heartache and the pain.

When the broken parts of my tattered heart eased, I knew I'd look at the scars and smile. Knowing after we least expected it, there was a happily ever after, even if it stemmed from a FORBIDDEN LOVE.~~ Haven

Ayse says

After the way it was left in book 2 I am so looking forward to this!

✿kawehi.reviews says

Ooh!! Haven and Jude's story!! I can't wait for this!!

Danielle says

OMG this book. I cannot express what this book did to me. First of all if you have not read the first two books of Needles Kiss...well why not? Stop what you are doing and buy them. THEN come back here so I can tell you why it will be a no brained to buy Forbidden Love. Did that? Ok, let's proceed.

I was so ready for this book. Well, I thought I was. I had planned to highlight the crap outta it specifically for quotes for this blog post. Um, yeah I can't do that. Not really, not like I had planned at least.

If I did that it would give away too much, and I cannot deprive you of the emotional rollercoaster this book is.

So, big brothers (literally) find out about Jude and Haven (love that name btw right?) And all hell breaks loose. It is a no-no to want your best friend's sister. So drama ensues. That is all you are getting from me!

I love Haven so much. This is her book through and through. I got to watch my baby girl grow into an amazing woman. That is what Lola did here.

Jude, well Jude grows a lot too. He experiences necessary pain. And Damon if I didn't want him to. He needed a swift kick in the balls and he got it. Knowing what is important in life is a gift. Remember that..in this book and in life.

Since you have read Scarlett's and Teeny's stories (I told you to do that first...remember?) I feel the need to warn you a bit. This book is not what you think it is. I loved Needle's Kiss 1 & 2, why else would I all but get on my hands and knees and beg Lola for an ARC (thanks by the way)? But this book shocked me. It was so different, but yet familiar. I am sad to see the series end, but excited for whatever comes next for this author.

Michelle says

In the final installment of the Needle's Kiss series we get Haven & Jude's story. Haven, if you don't recall is Mace & Trip's baby sister, while Jude is their longtime friend – a friend who should know that little Haven is strictly off limits.

When Haven finds herself at her lowest, one man swoops in to rescue her. One man she isn't allowed to

have, but one she can't help but love. A relationship kept secret is blown sky high and poor Haven finds herself left behind as Jude chooses everything but her.

Jude didn't want to love his best friend's sister. He didn't want to risk his friendship, the family that took him in. The one that took his two boys in like they were blood. He had to pick. The woman he loved or the family that loved him and his boys. But now that he's made his choice, he has to live with it, and watching Haven move on is much harder than he imagined.

When I started this book I had no idea that I'd get the story that I ended up reading. At first I was torn, I was team #Jude all the way and the Dylan's story completely stole my heart. I think given the history of Jude and Haven, this storyline worked perfectly. A relationship that started because of secrets, stayed a secret ... was never going to survive. It needed this added aspect to bring it into the light and for both characters to be in the right place.

I cried. Quite a bit. And although Mace's story is still my favorite of the trilogy series, Haven & Jude's story did steal my heart completely.

Fantastic ending to a wonderful series! I look forward to the future stories and characters that Lola Stark has planned!

Amy says

I've thoroughly enjoyed every Needle's Kiss book. Lola has a way of telling stories that bring you into the world of her characters. She can make you laugh in a moment and feel a deep heartbreak in the next. It's apparent that she pours her heart and soul into her books. I won't pick a favorite of the series because each one stands different in my mind. Forbidden Love is no exception. As an adult, I know that life isn't always fun and laughter but if you can make it through the hardest of times, hopefully there's joy on the other side. Lola takes you through pain and happiness in this book and makes you feel the journey.

I am looking forward to her next book! If you haven't picked up the Needle's Kiss series yet - why not? Do it! Now!

Dimaris rossy says

OMG this was just surprising! In every other book I've read there is always someone I hate but here Lola won't let me hate!! I felt so torn and I loved it! Feeling like I'm betraying Jude for enjoying scenes that don't include his happiness. Also feeling deep sadness because is not just about a couple's feelings but also the family around them. Looking at it from the hurt of others that just got caught up in the middle... I guess it was not a good idea to sneak a read on work hours just because I can't explain crying in the office but DAMN IT, I didn't want to put it down!!! I'm actually very happy that this book got more serious and is just so different from the previous two. You get a bit of everything in this series.
