Gates of Cilicia Michael G. Thomas

They are an unstoppable force of mercenaries from every known Terran planet in the Galaxy. They have little in common, other than their love of wealth and adventure, and a bitter hatred for each other. Known simply as the Black Legion, they will blaze a trail of death and destruction that will be remembered for generations.

For Xenophon, the Black Legion is an escape from the state that tried to kill him and his family. Exiled from his homeworld he joins the mercenaries, along with Glaucon, the rich playboy, Roxana, the veteran naval commander, and Tamara, the blue-haired castaway with a hidden past and a violent personality. Nothing will prepare them for the carnage awaiting them as they enter the borders of the Median Empire, the largest and most powerful entity in the known Galaxy, ruled with an iron fist by the tyrant, Emperor Artaxerxes and his legions of slave soldiers.

The Black Legion boasts the best weapons, armour, and equipment known to humanity. As well as the most advanced warships ever constructed, from frigates and battleships to the four mighty Titans. These great floating fortresses house thousands of warriors inside their cavernous armoured hulls. These mercenaries are no heroes; they are exiles, thieves, opportunists, and criminals. Each looking to make their name in the greatest enterprise in living memory, a military operation deep into the heart of the Empire.

Battle for Cilicia is the first book in the Star Legions series from Michael G. Thomas, the bestselling author of the Star Crusades series. Previously published as the Black Legion series.

Very disappointing!!!

The writing was very poor and lacked proper editing, using plural versions of words when the singular was appropriate, and using the same word twice. The attempt of reworking an ancient story failed to transit to the future in this version. Would not recommend this to true sci-fi lovers.

Oscar says

Fun military history book. Curious if it is an extension of the Star Crusades series. Anyone know?

Keith Hampton says

A fun read with like able protagonists but horribly edited.

Wilco Roos says

Nice, a bit flattish and missing depth. Also on Kobo.com called 'Battle for Cilicia (Star Legions Book 1)'

Love the characters and story. Great action with the right amount of back ground on the characters keeping you reading. No one should find this book boring. Great Reading Everyone!

Jennifer Denney says

Anabasis in the future

A fairly accurate story that basically puts the Anabasis in a futuristic setting. A highly enjoyable story that while a little slow in the beginning it picks up nicely. Those with a familiarity with the original story would find the beginning boring but those that don't would welcome the information.

Nicely written with a faithful retelling of the story. Looking forward to the next book.

Amazing

Amazing from beginning to end your always left wanting to see how the adventure continues and I've read the series twice and rereading again for the adventure and action.

George Floyd says

Excellent tale.

Here is the story of raw courage and forthright leadership. Fast paced and frantic action abounds. Never a dull moment.
