3.5 stars ! I love quotes so so so much and I got this as a birthday gift from a friend and really liked some of the quotes but the others weren't as amazing as I expected and I don't know if it's related to me being 17 and the quotes are for older people but I still liked it

a total page turner and an interactive way to read a book.. not the usual start at page 1 and then keep reading..
awesome quotes that we tend to forget but come in handy.
