## **Sidney's Triple Shot Lori King**

[Ménage Amour: Erotic Ménage a Quatre Romance, M/F/M/M, light public exhibition, consensual BDSM, bondage, spanking, HEA]

Sidney Rowe has been abused in ways that most people can't even imagine. After a horrific miscarriage, she left behind everything she had to escape her ex-boyfriend. She finds refuge in the kindness of the three Dawson brothers. They give her a job and a sense of security in the small town of Apache Crossing.

Xavier, Tyce, and Noah Dawson have built their bar, Triple Shot, into a profitable enterprise. The three former Marines have also built a reputation for integrity in the community, but their sex appeal and charm are legendary. They enjoy their playboy status...that is until a jumpy, skittish Sidney stumbles into their lives needing their help.

Sexual tension explodes when the brothers decide they want to protect and share Sidney, but to have her they have to stop her ex from haunting her. Can they keep her safe and win her damaged heart?

Note: There is no sexual relationship or touching for titillation between or among siblings.

## **From Reader Review Sidney's Triple Shot for online ebook**

### **Cherie says**

I loved this book and how we were able to be present as Sidney went through life and fought to overcome some of the trauma that she went through. It was excellent that each of the three Hero's had a defined and distinct character that differed from each other. I look forward to visiting with them all again, and I dare you to not fall in love with the DAWSON Three. A fantastic read. Definitely a 5 star.

---

### **Teri says**

This was okay. There was some hotness. I didn't really connect with any of the characters and I didn't particularly care for Sidney, but I was looking for a quick hot read, and this was it, so I'm not disappointed. Pretty predictable, but worth the read if it hits your buttons.

---

### **Trixie says**

Holy Moly! I could not put this down. It is a re-occurring happening with Lori King books. I started this book on Monday morning and finished it Monday night! Thank the Good Lord I have a kindle, because I was even reading while in line at the supermarket!

Sidney Rowe's has had a trauma-drama fulled life. Growing up in foster care, never experiencing love; via hugs and caring, she tumbles into an abusive relationship and stays because she thinks she is unworthy. From the frying pan into the fire! Not only is Robert (the abuser) mentally and physically abusive, he owns her, never letting her go.

Event happen that give Sidney the umph to go on the run... as far away from Robert as possible!

Apache Crossing.. Home of Noah, Tyce and Xavier Dawson, mighty fine and hot ex-marines who own the Triple Shot Bar. In walks Sidney, on the run and looking for a job...

I don't want to give the story away, but let's just say with the "Triple Shot" (wink) brothers, Sidney gets lots of love, support, protection (gotta love ex-marines)and family in a hot book that will have you fanning yourself and looking for some "shots" of your own!

Please somebody... Point me in the direction of Apache Crossing!

Sidney's Triple Shot

This is such an amazing story a roller coaster of emotions.....it takes you on an incredible journey of one

woman....how she has to overcome the hurt,fear and anger she has had to endure in her life to finally find the love and family she has longed for.....She finds it in three amazing brothers.....she just needs to let go of her fears and take what she wants....

Sidney Rowe's life has never been easy for her....from growing up in foster care where she was never given any type of love and affection to being tossed out into the streets when she turned of age to take care of herself....

She meets a man who she falls in love with and thinks she has found someone to build her family with.....things take a dramatic turn when she moves in with him....he becomes a different person then who she knew ....taking over all aspects of her life from who she is friends with to what clothes she wears....and then turns violently abusive, physically and mentally. She has no family to turn to ,no friends ,she is stuck In this life forced to take what he does to her...

Until the day he takes away something more precious to her then her own life...and in the end almost succeeds in killing her....

Sidney goes on the run hoping that Robert will never find her....after weeks on the run she lands in a little town called Apache Crossing....she needs work ,she decides to inquire on a bar tending job at Triple Shot....little does she know walking into that bar will change her life forever.....

Noah Dawson the youngest of the three brothers ....and the first to meet Sidney....Noah is the sweet and kind man the romantic ,he stands well over six feet tall with his longer curly brown hair and his eyes that are a beautiful aqua colour which show all of his emotion

He knows he wants her ....it doesn't matter that he just met her he knows she has secrets ,and knows he can't let her walk out of the bar, he has to have her in his life....and whatever secrets she has he wants to make them all go away,protect her and love her forever....

Tyce Dawson the middle brother and also lead singer for the band Texas Knights which headlines at Triple Shot , he is the typical playboy with his shoulder length hair and his sapphire blue eyes he is sex on a stick....he is no stranger to woman falling all over him...and he has never wanted a serious relationship....But Sidney is different and he wants her for keeps....

And finally we have the eldest brother Xavier Dawson..... With his rugged good looks...from his tanned skin to the short buzzed hair and his ice blue eyes that can see straight into your soul, He is a Dominant man ,he needs to be in control, he wants Sidney to submit to him in the bedroom and he just prays that with the trauma she has been through that she will be able to. He hopes she can be that woman for him.....

When the four of them come together it is explosive ,emotional and sexy as hell....the bond that they create together and separately one one one is magic in the making....its Love ....and with three ex marines when they make Sidney theirs it's for life....They will protect her at all cost even with their own lives....and when her ex catches up with her...this relationship, their love is put to the test..... She is terrified she will never see them again.

That the love that she has finally found will be stolen from her.....

Her men will never give up on her... And they have the help of the men and woman in the town....Sidney is a part of them now and they will not let her down or loose her.

---

### **Chris says**

The Dawson brothers are strong Ex Marines, not looking for love, but found it in the form of a abused scared Sidney.

I absolutely loved this book. It brings to light issues most people choose to ignore, Domestic abuse is real, and Lori brought forth a story of tragedy to triumph. Add in the three hot brothers who show Sidney not all men are the same, how to love, trust and live again. Throw in some REALLY steamy scenes and you have a scorching winner.

You will cry with Sidney, Laugh with her, and cheer for her as she finds herself.

---

### **Mariann {at} Belle's Book Bag says**

After reading the blurb for this book, I couldn't wait for it to be released. I enjoyed it and it definitely entertained me with laughter, love and hot menage sex!! I think I just had such high expectations for the book that it fell a little short of that for me. Even though I LOVED LOVED LOVED LOVED Tyce, Noah, Xavier and Sidney, I wasn't sucked into the story as much as I wanted to be~there were parts that I loved and parts that I didn't. It was still a good read and I am definitely looking forward to more from Lori and this series. I still gave it a 4 out of 5 rating because the parts that I loved~I really loved and were far more than the ones that I didn't!! :)

---

### **Kaylyn says**

I absolutely loved this book! It reels you in and never lets you go. This is a beautiful story about a woman who overcomes the horror of domestic abuse to find herself worthy of love. This book leads you down a road full of twists and turns and all you can do is hold on for the ride; and it is one hell of a ride. Also if you have a nerdy side like me the Halloween costumes will make it stand up and yell "HELL YES!!"

Sidney is a beautiful, brave woman. She goes through hell and back and still comes out a selfless woman. She could have let herself become hateful and bitter after what Robert did to her instead she blossomed. I loved her and connected to her right away. I felt her pain and her joy.

The Brothers: Xavier is the most intense of the brothers. He is a Dom but doesn't pressure Sidney to be what he wants. Tyce was to me the comical release. He made me laugh a lot i.e. he picked out the best Halloween costumes ever! He does push Sidney a little more than his brothers but I think it helped her out of her shell. Plus he was my favorite brother. Noah is the silent strong laid back brother. He seems to hover around Sidney and his presence seems to help her. He was the most patient and was willing to wait to pursue Sidney.

This book is insanely hot. Each scene was super steamy and yummy. Some ménages can be forced and seem fake but this one flowed and felt perfect. Each brother provided Sidney with something different that she needed.

I would HIGHLY recommend this book because it gave me such an emotional reaction. Lori King must have written her heart out because I could feel Sidney pain and heartbreak. I experienced such a whirlwind of emotions while reading it. I cried, laughed and then wanted to castrate Robert myself.

---

### **Merissa (Archaeolibrarian) says**

Sidney's Triple Shot is the first book in the Apache Crossing series, and I honestly can't wait to read more in what I am sure will be an amazing series.

Sidney escapes from an abusive relationship and zig-zags across America, trying to leave her ex-fiance behind. The trigger for her leaving may come as a surprise, as she suffered through something even worse and stayed. I guess it was the straw that broke the camel's back. She makes her way to Apache Crossing, and finds work as a bartender at the Triple Shot. She is understandably nervous, especially around the brothers who own the bar.

Xavier, Tyce, and Noah, are all very different, but they all agree to go after Sidney. They see something in her that intrigues them, and brings out their protective instincts. Which is a good thing, as she is going to need them.

This was a well-paced story that is both heart-breaking in places, and also full of love and hope. I did find Sidney to be annoying at times, even as I tried to make allowances for her. For someone so scared of being caught by Robert, she has no problem doing stupid things, even after she thinks she is being watched. The three guys had more patience with her than I would have!

With no editing or grammatical errors that disrupted my reading flow, I thoroughly enjoyed this book. It has a wonderful cast of characters, and I hope to read their stories too. Steamy in places, tender in others, this book has a bit of something for everyone. Definitely recommended by me.

\* A copy of this book was provided to me with no requirements for a review. I voluntarily read this book, and the comments here are my honest opinion. \*

### **Emily says**

After a life of feeling unwanted and bounced around in foster care, Sidney Rowe believed she had met the man of her dreams. He treasured her, pampered her, and then began abusing her, ridiculing her, and the worst betrayal of all caused her to miscarry the baby she was carrying of his.

Knowing she has to leave and try to get a new start, Sidney finds herself in Apache Crossing working in a bar. She has caught the eye of owners Xavier, Tyce, and Noah Dawson and doesn't know what to do about it. She admits she is attracted, but she has no plans in mixing up with another man when the wounds inflicted by her ex are still close to the surface.

When it looks like her ex has caught up to her, she finds herself turning to Tyce, Xavier, and Noah who only needed one shot at trying to get Sidney into their home. They know they need to be tender and patient with her, but they want all of Sidney and gaining her trust is a lot harder than they imagined.

This was a good one, love Lori King's books. Tyce is the more charismatic of the brothers and the bigger flirt, Noah is the cuddle up teddy bear, and Xavier the dominant in the group. I thought the pacing was perfect and it was not just wham okay I will jump in your bed, each of the men took the time to earn Sidney's trust before they went further.

---

### **Shay Lb says**

Lori King is an amazing author. I have read her Gray Pack stories as well. Couldn't wait to read this ménage, non-shifter story and it did not disappoint at all. I began reading this book right before bed and found that I had to finish it that night.

Sidney Rowe has had a troubled past. Growing up in a foster homes due to a drug addicted mother, she has never had anyone but herself to rely on. She meets Robert, a charmer at first. Soon after they move in together he becomes very abusive. After years of torture at his hands, Sidney runs. She finds herself in Apache Crossing working at The Triple Shot.

Xavier, Tyce and Noah Dawson own The Triple Shot. They are former Marines and close brothers...so close in fact that they all fall for Sidney. Once they have met her, they know she is hiding something. Their protective instincts kick in and not only do they romantically want to be with her, they want to physically protect her.

The brothers are all very different. Xavier, the oldest, has a dominate and intense personality. He almost scares Sidney with his overpowering presence. Tyce, the middle brother, is a singer and a bit of a playboy. She is very attracted to him. Noah, the youngest, is her anchor. She is the most at ease with him. Until situations change and she moves in with these three hot brothers. She finds herself attracted to each of them and this isn't a problem since they are willing to share, or is it??

The book takes you through a myriad of emotions. Loving and feeling sympathetic to Sidney to hating her abuser, Robert. Then lustng after and rooting for her to be with each of the Dawson brothers. I do love the way Lori King showed you the difference between abuse ( with Robert) and a Dominant, loving relationship (with Xavier). The characters are very real and the story needed to continue...I cannot wait for the next Apache Crossing book.

---

### **Tiblu says**

#### **Seriously ppl ?**

Supposedly Dominate Alpha males, who let foolish women run off into unknown danger and the TSTL's who want to run off into danger clueless w/no where to go...

WTH?!?!?!

Filmed every night at 11.....

Ok, you've got what sadly becoming book plot cliche, the abused or neglected heroine, down the on her luck w/no where to go but no matter how cliché it's become if done right ,it can be a moving story ....  
Sadly to me,it's soooooo NOT done right here ...

We open to Sydney in the hospital,waking up confused (no spoilers here you can see this in the sample) in the hospital to find out her latest beating has taken the child she was carrying....

Now even though Sidney seemed to lack depth here and seemed kinda wooden/mechanical here, I'll let it go,because we all handle abuse differently.... That being said there honestly seemed to lack any were depth to Sydney .....

"Robot Sydney " ,I didn't feel a connection to her,she didn't feel real... and it never got better...

Syd thankfully leaves his sorry evil ass a day or so after she's out of the hospital, though I know we all have out different breaking points I found it sad that a woman who just survived what she had,hers was coming home hearing sounds of sex from the bedroom. Ok, granted to almost kill me and you do kill my baby,coming back to that should kick in some sense,sure ...

Of course,but ....

O well, any way she runs and ends up in Texas w/the three sexy brothers working at there bar....

I wasn't really feeling Sydney,she felt too one dimensional and so did the guys but I was really hoping things would turn around,you know like you do.... Like I don't know, her having the sense to ditch her phone right off, everyone knows you can be tracked thru it.. Her reasoning is to keep it in case she needs to dial "911" ... Seriously ? she could easily get a cheap phone from just about anywhere for that.... just one of the many,many dumb moves that made it hard to take her seriously....

Xavier like his brothers is insane w/lust over Sydney ,and vice versa but unlike the his brothers he tries to think at times with his bigger head, well occasionally anyway...

Well I only made it 30% of the book after several attempts to seduce her have failed ,with her running from them,the guys attempt one more 1/2 hearted attempt to stop her from quitting. ( this chick quickly runs into TSTL territory) they don't stop her from running even they know she's living in her car w/someone after her and her having no where to go...

Supposedly dominant alpha males, who one minute say are thinking about what it's like to have her handcuffed on her knees before him controlling her,thinking about his much he craved her trust and yet he just lets her run knowing what he does...

And lil Miss TSTL thinks the guys are sexy but seemingly has no instincts to listen to ,wants to keep running even though she has no friends ,no nothing,she just wants to run,even after her car is burned out w/all her belongings and is left with nothing but the clothes on her back and her tips from that nights work at the bar... (and is pretty sure her ex that wants to KILL her did it)

The guys come and pick her up,she wakes the next morning wanting to leave yet again with still NO WHERE TO GO...

30% in ,not wanting to trust them or speak about her issues is literally wanting to run with no place to go... WTH ?!?!?

Sydney has no sense and the men other that trying to F her just seem to sit there on their thumbs and their brains....

Honestly you gotta wonder if a)he has the sense to come in out of the rain and b) How the Hell she's survived with as little sense as she does as long as she has..... Seriously, HOW?

This was ridiculous....

3 stars are the effort...

---

**Cyn Mistress Kitty says**

[ I couldn't believe that Sidney wouldn't leave her ex for beating the shit out of her causing her to lose her baby but she would leave him for screwing another woman.  
What a stupid, stupid woman. (hide spoiler)]

---

### **Kristine (A Cozy Booknook) says**

This story quickly pulled me in and kept me turning the pages until the last one was turned. The characters are complex, interesting and believable. I particularly like that Sidney is strong, and determined. There is something for everyone in this story with suspense, a bit of action, steamy scenes, and a whole lot of romance. An enjoyable story.

---

### **Romance Between The Sheets says**

Loved this Menage romance, it had great suspense, humour and strong personalities from the four main characters. There is a solid build up with their romantic and physical relationship, it was not rushed and was allowed to develop.

The three men, Xavier, Tyce and Noah all brought their own individuality to the relationship with Sidney. I loved how they all in their own way assisted Sidney in moving forward from her previous relationship.

The suspense story that revolved around Sidney's previous life provides great moments towards the end of the story. I would have loved for her story to end where it started but in a happy moment for her and the men, like a rebirth of such.

Sidney's emotional state and moments where she falls apart are well written and show how the three men give her confidence. When she begins to stand up for herself, sing, laugh and enjoy moments with the men are my favorites.

The menage scenes were hot, steamy but also full of emotional attachment.

I do feel that the ending was slightly rushed and I have a few questions, perhaps they will be answered in the next book in the series. There are certainly many characters, their marine friends, that could have their own story.

---

### **Eva Millien says**

I just visited the quaint little town of Apache Crossing which full of close knit residents that come together when needed and have a wonderful tolerance for the 'different.' Sidney's Tripe Shot is a thrilling and passionate story that is tugs at the heart while setting fantasies aflame.

The characters are strong, captivating and easily connected to and draw readers into their sensual and compelling story as Sidney captures the attention and hearts of not one but three men, the brothers, Xavier, Tyce and Noah. The romance is sweet but full of emotional turmoil that captures the heart as Sidney tries to overcome the pain of the past, learn to trust and open up her heart and accept that she can have a happily ever

after. And woohoo boy, are these three former marines sexy, protective and sweet! The story is fast paced and the romance alone is suspenseful and enthralling but when Sidney's past catches up to her things get even more exciting.

Lori King has created a wonderful and erotic community that ensures that I will want to visit again and again. It's spicy and sweet which makes reading a great pleasure and of course the sexual material in the book is hot and spicy which also makes Sidney's Triple Shot very stimulating, so I can't wait to read the next book in the Apache Crossing series.
