Strike Fast Kaylea Cross

A military widow reluctant to risk her heart again.

After losing her soldier husband in combat, DEA agent Tess Dubrovksi swore never to fall for another man in uniform. The last thing she anticipates is for a sexy FAST agent single father and his young daughter to steal their way into her heart. Now Tess can't stay detached, even though he brings a ton of emotional baggage she's not sure she's ready for. But when an unthinkable tragedy strikes and his daughter's life is at stake, Tess is already in too deep to walk away, and will lay everything on the line to help.

A single father who protects what's his.

A divorce and custody battle left DEA FAST agent Reid Prentiss cynical about love. Then a sexy helo pilot walks into his life and changes everything. But his newfound happiness with Tess is too good to last. His team's latest target is looking for an opportunity for revenge, and finds it in Reid's daughter. When a vicious cartel lieutenant decides to make a statement by kidnapping her, Reid's whole world implodes. Now it's a race against time to save her, and hope is fading with each passing hour. Even with his teammates and Tess at his back, it will take everything Reid has to endure this hellish nightmare and find his daughter...before it's too late. Because when everything you hold dear is at stake, you'll do anything to protect it.

Against All Odds!!!

DEA Special Agent and helo pilot Tess Dubrovksi swore never to fall in love with another man in uniform again after losing her husband in combat. Well that was until she met the gorgeous and sexy as sin FAST agent single father Reid Prentiss.

FAST agent Reid Prentiss didn't believe in love anymore not after his divorce and custody battle left a bitter taste in his mouth. What he didn't expect was for the beautiful, funny and sexy helo pilot Tess Dubrovksi walked into his life.

Tess was ready to move on with her love life if her reaction to Reid was any indication. After getting him and his teammates back to Bagram after a mission that nearly got them all killed.

Fast forward four months later...they both decided to give into what they felt for each other. Reid couldn't be happier that his daughter Autumn and the woman who brought Him such happiness were close.

When one of El Escorpion's (head of the Veneno cartel and the FAST Bravo's enemy) lieutenants, Carlos Ruiz decided to take revenge against him and his team by kidnapping his daughter. Reid's world was rocked to its core.

With Autumn missing Reid nearly lost his way but his friends, teammates and Tess were there for him. They moved heaven and earth to bring her back safe and sound.

It was great to see some of the guys of HRT (Hostage Rescue Team), Miguel "El Santo" Bautista (**BETRAYED**) make an appearance. Three series blending together was wonderfully done.

STRIKE FAST is the fourth book in Kaylea Cross' **DEA FAST** series. It was beautiful, enthralling and action-packed. Magnificent job by Kaylea Cross. 5+++

WOW. Fanning myself this is series alpha action

Another amazing edition of the DEA FAST series from Ms. Cross. This is Reid Prentiss's story, HOT alpha male, spec ops, baggage not all of the good kind - guilt for a team mate, failed marriage, very angry ex. But a daughter he loves to the moon and back, means Reid isn't looking for anything romantic, long lasting. Reid has an emergency meeting, takes Autumn his daughter with him to wait, bumps into a sexy helo pilot - Tess, who steps in makes crafts and catches his attention. This journey is then their undeniable chemistry, and Reid's two worlds, professional and personal colliding badly. The journey is engrossing g, exciting, horrifying, insightful, HOT, with laughter, gasps and tears along the way. I already love this series, but I just fell deeper with Reids story. Can be read alone, but read the first three to get the full backstroke that

intertwine and hold it all together

Strike Fast was at times a suspenseful read. With pockets of action and a storyline that had me hooked from beginning to end. Along with really likable characters including Reids 9 year old daughter Autumn and his fellow teammates. As well as brief appearances from many of my favourite characters from Kaylea Cross's other series. Including Hostage Rescue Team and Bagram Special Ops. So overall there really was plenty to enjoy and I would happily recommend Strike Fast to others. I'm also looking forward to reading more from this series in the future.

Another great story by Kaylea Cross. Loved seeing Reid a strong courageous man who is a kind loving father and has a heart that hurts for those he loves. The torture he still feels so many years after the death of his friend shows how much of his heart he gives to those he loves. Tess a woman who loved and lost but finds a way to open her heart to a tortured soul. Always enjoy the deep character work that Kaylea provides the reader as well as the suspense and action along with a few surprises. Can't wait for the next book!

Strike Fast

Wow, amazing!!!!

Reid and Tess fit together so perfectly once they noticed each other.

They met by accident through his young daughter when both were at headquarters for a meeting. Tess and Autumn hit it off instantly. Everything starts off good til Autumn is kidnapped by the drug cartel.

Reid falls apart but Tess comes to help him and find her along with his teammates. Now they just have to get to her in time .

Great story and loved Reid , Autumn and Tess along with the rest of the team..

Wonderful

DEA agent Tess is a pilot of a Blackhawk. Her husband was killed three years ago in a helicopter crash. Reid is divorced with a daughter. Reid is the first man to make Tess feel anything since her husband. But with a little girl and a bitter ex, Tess isn't sure she's ready until the unthinkable happens. Reid's daughter is taken by a sadistic cartel leader and it's imperative to find her before she's sold.

Action and a 'hang on to the edge of your seat' story. Love this series. Two people not looking for love but find it anyway. Might need some tissues.

Strike Fast

This was an amazing addition to the DEA Fast series with Reid Prentiss a member of DEA Fast team finding love quite unexpectedly with Tess Dubrovski a Blackhawk helicopter pilot. She was a widow having lost her husband in a helicopter crash three years ago and she was just getting over that when they met. She extracted him and his men from a dangerous mission barely escaping with their lives but landed them safely. He was so impressed with her skill that he had to introduce himself and thank her. She was just as taken with him and his bravery. This was the beginning of their exciting adventure and love story with non-stop action and suspense after Reid's daughter was kidnapped as revenge by a drug cartel leader, Carlos Ruiz, for saving a woman reporter he was holding that the DEA team rescued. All the federal agencies worked together to free Autumn, Reid's daughter and capture Ruiz and free other women his gang held. How everything came about made for one exciting story along with Reid and Tess getting their happily ever after. Once you start reading this book it is very hard to put it down this romantic suspense thriller and I highly recommend this series. I am looking forward to the next release about Kai another team member hopefully soon.

4.5 STARS CAN'T WAIT FOR KAI'S STORY

Angela says

This one was a little different in the fact that the two main characters didn't fall for each other because the female was in danger and the male came to her rescue. In Strike Fast, Tess and Reid were already kind of slowly falling for each other when Reid's daughter ended up getting kidnapped by the cartel. In the race to get her back, their Tess and Reid's feelings grew for each other and of course, they got their happily ever after.

I appreciated that Ms. Cross chose not to have the cartel harm Autumn in any way other than scaring her. In the real world, I'm sure things would have ended up much differently.

And once again, we have a strong female character in Tess, a Blackhawk pilot, who is more than capable of taking care of herself yet acknowledging the feelings she has for Reid and not being afraid to let him take the lead on things when necessary.

On to book 5...

Exciting storyline: thrilling action and steamy romance

I thoroughly enjoyed this 2nd chance romance. The child was a joy, enhancing the sentimentality. The romance is hot and steamy in and out of the bedroom. This story represents that LDRs can become HEAs. Bravo Kaylea, for weaving personal life with work life in a believable manner that pulled me into the thrilling action of DEA agents while at the same time having characters from previous series demonstrate inter-agency cooperation. Great book, but now I'm excited to read book five of this series for Kai's love connection after the teasers about it I just read!

Valorie says

This had me on the edge of my seat..... I read it straight through. Couldn't, wouldn't put it down. I really felt for Reid..... I don't even know if I'd be able to breathe if anything ever happened to my child. This world is filled with people that have the sickest minds especially when it comes to women and children. (Sick reality??) and Tess already had enough heartbreak.....but together they could make it through anything...good or bad. Oh btw, thank you for the Sarah attitude adjustment, she needed it?....I loved it... I'll take more of the same?.

Jacqueline says

Kaylea Cross Nailed it.

I really loved Strike Fast, Kaylea Cross brought the characters of Reid and Tess fully to life for me. I felt so much for them and Autumn. It delved into the horrific world of human trafficking and I felt so scared for Autumn. She's one hell of a kid. After both Tess and Reid's past painful pasts, I'm so happy they found their HEA with each other. I'll be looking forward to Abby and Maka's story, I'm sure a few cats will be let out of the bag for them and Abby's past will come back to haunt them.

Strike FAST

This is the 4th book in Kaylea Cross' DEA FAST Series and it was outstanding! A young widow pilot and divorced single dad DEA Agent have worked together on a few occasions and have begun to notice each other. When their paths cross at work, Tess meets Reid's daughter and volunteers to sit with her while Reid is in a meeting. This is just the beginning of something between them.

Not only does Reid & Tess's love story play out, but we also get to see many characters from Ms Cross' previous novels. This book can still be read as a standalone novel, but is a lot more fun if you have read them all. It was a lot of fun to read!

Anita says

This book was really surprising. It had more depth, issues and realistic depictions than the previous books. I love the hero and heroine and how they worked through the complications, and there were a few, a relationship would entail. My favorite so far. These books are not standalone, but reading the of the previous books, and series, is not absolutely necessary, but highly recommended.

For three years DEA agent Tess Dubrovksi has mourned the death of her military husband. She is just now beginning to put that behind her and look to the future. It is difficult moving on, but she isn't dead. The last person she wants to become involved with is another man with a dangerous career. Not only that but, he has a ton of baggage.

DEA FAST agent Reid Prentiss has a lot of things in his past that should make any sane woman run, far and fast, from him. He has kept his relationships casual for good reasons. But when he connects with Tess, a sexy DEA helo pilot, he is rethinking that way of life.

When a nasty, drug cartel lieutenant, bent on revenge, kidnaps Reid's daughter, Tess is drawn to him as never before and both Tess and Reid realize that their relationship, as difficult as it was going to be, was worth fighting for.
