## **The Biker Next Door Part 1** Jesse Fuchs , Jamie Fuchs

Mr. Cook has lived next door for about as long as I can remember. Covered in tattoos and the proud owner of a Harley Davidson, he's never been well-liked around here by anyone but me. I never understood all of the hatred.

Only days after my birthday, he approached me with word of a surprise birthday present. Curious, I followed him toward his house and onto his roaring bike...

This is part 1 of the *Gay Rebel* series.

## From Reader Review The Biker Next Door Part 1 for online ebook

### Katy Gray says

Really did not enjoy this book. It was rape as far as I'm concerned. It was a biker gang bang, he had no idea what was happening, there was no preparation and yet after being taken by numerous men he apparently loved it and wanted more. Nope! Don't rate this at all and will be quite happy to not have anything similar cross my path.

### Jacob Plunder says

I've always enjoy a fetching man on a motorbike.

### Unsolicited Reviews says

#### 1.5 Stars

To be frank- this book was not a good story. Between the unprotected group sex with an 18 year old anal virgin with ZERO prep or pain. To him craving his neighbor and other men after just one session. The story itself was not realistic, or enjoyable. Even if I love a good age gap story, I expect some sort of realism in my fiction and this just didn't do it. It didn't help that it painted bikers to be uncaring neanderthals, which was insulting in itself. Especially since this was to be a biker book.

The writing was okay- what I'd consider slightly below average of most indie authors. Mostly do to repetitiveness and editing.

However, I do think this author could provide a better and enjoyable story with a little more finesse and attention to details.

I would read from this author again.

I just wish this author realized that first impressions are everything and not everyone will be as happy to give them another shot in the future.

I would not recommend this book.

### Sandra says

I read all the 1 and 2 star reviews, so I was forewarned about the negatives of this story, and I don't disagree. Although they didn't bother me quite as much. I'm okay with dub-con if I go in knowing that's what I'm getting, so the dub-con biker gang-bang was fine as far as a premise goes. I still like a little realism in my porn though, and there really wasn't any reason the bikers couldn't have worn condoms or prepped Mark even the *tiniest* bit. If you want it to be a rough virgin gang-bang then fine, but his inner narrative should at least mention the initial pain, cuz this kid was just easy breezy.

I also prefer a little more dirty talk in my porn. For the most part this entire gang-bang was just silent as far

as I could tell. And it could have ended with Mark returning home. I didn't need an attempt at a plot with Mark defending David to his parents, that just felt forced. This was okay as far as an erotic short goes, and I would continue with Mark and David's little snippets if they were free or *maybe* \$.99, but I don't think I'll shell out the \$2.99 for the next installment.

I honestly tried to find something good to say about this story but I could not find any redeeming qualities. Just save yourself the torture and stay away from it

### **Brian Allerding says**

loved the biker and neighbor theme was a good read want to read more of the series

### **Courtney Wendleton says**

#### **Bad**

Two scenes, the is it. Light on description and reads as if a teenage virgin was trying to be bad and shock her friends.

#### **Sometimes parents know best...**

This David is a disgusting person!! Why would he think this newly 18 year old boy would want to be raped by a gang of bikers. The kid did like it but really wasn't given a choice. Oh and say hi to STD's, not one of these pigs wore a condom. Just a horrifying story for just everyone one.

### **Jeff says**

Super short even with the preview of part two. Luckily it was free on Amazon. Two quick sex scenes with almost no plot and no character development. The author isn't a bad writer-- just didn't put much thought in to this.

---

### **Brendy says**

OOOKay, I think my mistake with this genre is that I'm jumping right into the action without any real plot;

because this one is exactly that XD.

But I should say , that for that kind of thing being a **gift**, okay! I was open mouthed while reading that!!  
hehe

### **Saraun says**

#### **I love gay sex**

I love the come it was good and his was big and it make me fell like want to be gay

---

### **Kaotic says**

#### **Eh**

Just a short erotica story between two men (plus some). A coming of age present and a secret from his parents.

Same old same old.

---

### **Eve says**

to be honest, porn videos would probably be a better value than this.

like this is honestly more of a porn script, but lacking as much detail as a porn video...

it's not worth any money. if it were free, that'd be decent smut (it is hot, but the writing should be for a video adaptation script, not reading). \$0.99 is too damn much.

the story is only like 80% of the book.

### **Vickie Watson says**

#### **Wow**

If you want a quick sexy as all hell book then this is for you.... This book is M/M book I like to read this genre always have... Anyways.... That biker next door might be your next love encounter... Whoa is it hot in here. Lol

## **Frances Hamburg says**

### **Interesting**

This was an interesting book about New sexual experiences of a young man who has never been with another male.
