2. S N O W B O U N D...

For Will Innis and his daughter, Devlin, the loss was catastrophic. Every day for the past five years, they

wonder where she is, if she is—Will's wife, Devlin's mother—because Rachael Innis vanished one night during an electrical storm on a lonely desert highway, and suspected of her death, Will took his daughter and fled.

Now, Will and Devlin live under different names in another town, having carved out a new life for themselves as they struggle to maintain some semblance of a family.

When one night, a beautiful, hard-edged FBI agent appears on their doorstep, they fear the worst, but she hasn't come to arrest Will. "I know you're innocent," she tells him, "because Rachael wasn't the first...or the last."

Desperate for answers, Will and Devlin embark on a terrifying journey that spans four thousand miles from the desert southwest to the wilds of Alaska, heading unaware into the heart of a nightmare, because the truth is infinitely worse than they ever imagined.

3. A B A N D O N...

On Christmas Day in 1893, every man, woman and child in a remote gold mining town disappeared, belongings forsaken, meals left to freeze in vacant cabins; and not a single bone was ever found. One hundred thirteen years later, two backcountry guides are hired by a history professor and his journalist daughter to lead them into the abandoned mining town so that they can learn what happened. With them is a psychic, and a paranormal photographer—as the town is rumored to be haunted. A party that tried to explore the town years ago was never heard from again. What this crew is about to discover is that twenty miles from civilization, with a blizzard bearing down, they are not alone, and the past is very much alive.

Aurora says

Getting only 3 stars cause Run was such a mess. Going to guess that one is one of Blake Crouch's earliest works. The other two stories were pretty good and I'm definitely going to be reading more of this author =)

Amr says

Really it's a good read , full of suspense and plot detour .

Chris says

This trilogy of unrelated stories was definitely a mixed bag, and it's clear how much Blake Crouch has evolved as a writer since penning these. Snowbound was the least interesting of the three stories. It had potential, but I just didn't care enough about the characters to keep my interest. Abandon should have been so much better. It had an interesting mystery at its center and a few compelling characters, but the poor pacing and abrupt jumping between present and past was off putting and undermined the suspense. Run, on the other hand, I could not put down. Relatable characters in an impossible situation, a fast-paced story, and plenty of tension and suspense made for quite the page-turner. The ending was a bit abrupt, but it didn't hurt the story, just left me wanting more. Taken together, the Fear Trilogy is well-worth your time, whether you are already a fan of Blake Crouch or not.

Liz Francis says

Run was my favorite.

Of the 3 books, I liked Run the best. Other two, not as much. Had a hard time finishing them.

Diane L. Cole says

Top notch writing

Each story an excellent tale, grabs your interest and holds to the very end. Anyone who is a science fiction lover, put these three novels on your must read list.
