Unexpected.

The premise of this fifth book was unexpected, but I liked it. I wish it would have been longer. It appeared to be shorter than the others. Dom and Ceyna's journey was great. His consideration for her was filled with genuine love. This is one of those "Everything happens for a reason in its own time". I am looking forward to the next book, hopefully soon.

Voila dans quoi tu finis quand tu ouvres un livre gratuit sans savoir de quoi il parle. Sacrée surprise. MDR ! Cela dit, heureusement qu'il est court parce que sur une centaine de pages ça peut encore passer, mais si l'auteur en avait fait des tartines, cela aurait fini en réelle boucherie. :)
