Yearn for Me

Aja Cole

Yearn for Me Aja Cole

KEYRA

?It's my job to imagine everything that could happen and go wrong.

Except, apparently...when it comes to my personal life and Dane Thoreau.

I was shot for god-sakes, and still...he's the only thing that sends me running.

Dane

I'm used to thinking one thing about women: Don't trust them.

Until I met Keyra Banks.

The fierce, amazing woman has been getting under my skin for months, and I'm only a man.

Now, with more women in my life than I'm ready for...the question is: Can I be the man that she deserves?

And the really important thing for me to consider...

Do I even want to be?

*Join the oldest Banks sister on this journey to see if love **really** looks good on everyone.*

Yearn For Me is a 40,000 word romance with a HFN, *explicit sexual situations*, and no cliffhangers. It is the second book in The Banks Sisters series, but can be read alone.

Shaquaila says

Hot read!

I enjoyed this book I just feel like I'm missing something important. Like what going to happen with a Addison? Will Dane really give up hockey? Miss Key handling everything for everybody will she be able to handle a baby too? That was on my mind, but I guess I'll! I've to wait till Mickey's book.

M.J. Friday says

No bad

Cute story, I didn't know this was a series and I didn't read the first book but, I was able to get the story. I will go back and read the 1st book

Flip says

The squeal

Really good I knew I would like this one. Keyra and Dane are really sweet together even though he was a jack ass at first. But things got better for the both of them the only thing I wish is there was more to the story. I felt it was all happening to quickly but I guess that just the author is everything goes for steamy to wait what just happen moments. Other then a few other problems it still was a great story and I enjoyed it.

Esther Alayeto says

Great story by Aja Cole. Love the storyline which captivated me right from the beginning and kept me hooked all the way through to the end. Dane and Keyra are wonderful characters who started out as friends and I love seeing them get closer in this book. It is great to see how Dane loves to take care of Keyra especially when Keyra is used to taking care of everyone else.

I voluntarily reviewed an advanced reader copy of this book.

evette w says

Good Stuff!

This was fun sexy romance with a whole of I'm a "Boss" thrown in for good measure. This was such a good story and the chemistry is off the charts between the two main characters. This story reads like you are watching one of your favorite shows. I love that you are getting to strong willed people but they aren't so overbearing that you have to do an eye roll. With the exception of just a few typos this was fantastic reading.

Karen Boozer says

I just cannot express how awesome this story was. It was a great addition as the 2nd book in this series. Dane and Keyra have been platonic "friends" since the first book and as the book starts you can see that they have become very close...he is the first call she makes when she is fired from her job...yes fired!

Dane is living the hockey player lifestyle and Keyra is in a relationship. One night after a hockey game life implodes for both of them and she ends up drinking way too much Tequila and the inevitable happens...then Dane turns into a world class jerk for a little while. He does redeem himself with the help of his adorable daughter...then the train goes off the tracks again for just a little bit when his ex turns vindictive and there is a surprise!

I can't wait for the next book, Mickey's story and hope that this series continues with the friends of the girls and the other hockey players. I hope that I have given you enough intrigue to read the book and not given too much away. I was offered an ARC copy of the book for an honest review...I believe I have given that.

Rena says

Good thing

It was good to see Keyra live life instead of just working all the time. Dane's unwillingness to trust almost cost him his good thing. Glad that he found the errors of his ways and corrected them. It was a good story with good characters. Ready to read about Mickey next.

Jackie D says

The Banks Sisters are a force to be reckoned with!

Ooh, this one was a saucy, sweet heat romance!

The friends to lovers theme is one of my favorites! Dane and Keyra are the perfect couples for this story-with a hot, fun banter and a connection that I swear could feel coming off the pages of my Kindle.

Fast-paced with so much heart squeeze, I was all in from the very start. This emotional ball of frustration romance with the stubborn workaholic women and the Hockey No words Playboy I couldn't put it down! I

had to know how and if these two would work out their issues, and what would happen in the end! A much more than meets the eye book I thoroughly enjoyed! I am looking forward to Mickey's Story!

Talia Hibbert says

Exciting & sexy read

I'm so glad I got this book. Fun, well-written, great characters. I love the sisters and will be reading the rest of the series!

Spoiler alert & warning!

I was nervous at the introduction of the false accusation sub-plot. Ultimately it was handled okay when they took care to mention the importance of real victims. However I wanted to let people know there is a false r@p£ accusation made

Cammyjoe says

??

No nonsense Kyera finally get someone she can get loose with... Mr "can't trust No one" . They are quite a pair, and together they rocked!!

And that bitch , Natalie... The nerve of that woman....!!

I love love the Banks's sisters. ??Take no prisoners! Take care of their own.

Nice to "see" Kai and Harlan... Hopefully, wedding bells soon!!:)

G says

I received this book as an ARC in exchange for a honest review.

Yearn for Me is Aja Cole's second installment in the Banks sisters trilogy. I would caution the reader to read book one (Ache for Me) prior to reading this book as the initial meeting of the main characters take place in the first book. And while we are speaking of titles, I understand the theme the author is going for but I never got the vibe that these two were yearning for one another. This book wasn't truly filled with angst as the

book title suggest. I was prepared for heartache and star crossed lover stuff and was pleasantly surprised that this story was about men and women beginning as friends and blurring the lines of their friendship.

Keyra Banks is basically Olivia Pope from Scandal. She fixes the scandals in her family so well that her father is forced to fire her for 6 months for some much needed relaxation as she's a bit of a micromanager (bit may be an understatement). Keyra being a workaholic thinks that it's a death sentence. Dane Thoreau is a hockey player burned on love and thinks of women as a means to an end until he befriends Keyra. What started as a beautiful friendship blossoms into something more after Dane gets the shock of his life one night after a hockey game.

I won't bog down this review with any more specifics but I will say that I was a bit disappointed in who turned out to be the villain as I found it predictable. I wish the reader got more closure in regards to what happens to the main characters but the story ends in an HFN. I did thoroughly enjoy the characters and their quirks/flaws and cannot wait to see the cameos they make in book three. I know some people cringe with pet names but I loved what Dane called Keyra and I loved how even though Keyra was used to caring for everyone else, it doesn't stop Dane from wanting to take care of Keyra.

All in all, this is a great read and an even better installment in the Banks sisters trilogy.

Score: 4/5

D'Nae Gardner says

Keyra everyones Superwoman

Well she found her Superman. From just friends to I can't keep my hands off you. I like a love Storing that is tales about how friends become Lovers. Aja, does the best at bringing Couples together so that their flaws Are no longer falls but our way to enhance the couple as a whole. There are times in the book where you just Want to take Dane by his sexy biceps and shake him. There's never a dull moment in this Book. I'm really looking forward to Mickey story and hopefully we may see a little of Brandon and there to.

Lisa Marie Gonzalez says

Yearn for Me

Dane and Keyra. Definitely felt their romance. I liked the story, and the pace. They made a great team, and I liked the banter. It seemed like book ended a bit abruptly. I expected an epilogue so every thing is tied together. I guess we are expected to imagine the future. Over all very good.

Tas says

No Weak Women In This Book

I loved this book. Keyra takes no prisoners when it comes to her loved ones. After her one night with her good friend Dane and his disrespect and insults, she put on her big girl pants and handled it like champ. Dane realized how much of a jerk he was and knew he had to step up his game if he wanted to be with Keyra.

The camaraderie between the characters were enjoyable. Michelle and Mickey are always there for good laughs and real talk as in the previous book. I can't wait for Mickey's story
